

# Astronomy Resources for Scout Troops

by Clark M.Thomas  
Roanoke Valley Astronomical Society member  
November 2015

I have been into astronomy, off and on, since I was 10 years old. I also earned the Eagle Scout rank, and was a Jr. Assistant Scout Master. Here are a selected few links that will help your troop explore this fascinating subject. All of these links come from my major site: <http://astronomy-links.net> To directly click on the links underlined below, go to this web address: <http://astronomy-links.net/ScoutLinks.pdf>
